

25
YEARS

Celebrating
25 successful years!

Founded 1 April 1995, CommSouth Infocom completes 25 years today. The foundation was laid over a casual chat in a suburban Sydney backyard, and little did I know what lay ahead. My profound thanks to Udhay Mathialagan and Rohini Bochaton without whom, this company would not have come about.

Today we are a reputed name in Unified Communication & Collaboration, Hospitality and Contact Center Solutions, servicing huge enterprise clients and Governments in India, Middle East and many other markets. The setting up of branches in Saudi Arabia, UAE and Singapore have resulted in improved foot print and we have entered new markets in Croatia, Serbia, Lebanon and South Africa just to name a few.

Our strategic and technology partnerships have resulted in an array of products such as Contact Center solutions, Voice Recording, IP Fax, Call accounting and Billing, Hospitality solutions and a number of XML applications.

Our challenge has always been the same, staying ahead of technology and meeting client expectations across multiple verticals. We are committed to this space and numerous Corporates make intelligent decisions and streamline operations using the advanced tools that we provide.

My gratitude to our staff, past and present who have served with me in building this company brick by brick. My humble thanks to all our corporate clients who have patronized us in the last 25 years. Sincere thanks to all our business partners, we cherish our relationship with each of you.

These are difficult times for all of us and I pray that God be with you and your family as we continue to march ahead together.

Suchithra Sagar
CEO
CommSouth Infocom
